**Description:** CME crew placing a 160,000 pound pre-cast concrete form on to a barge. This unit is one of 6 for this shipment with 15 scheduled for delivery totaling 2,400,000 pounds.

**Location:** CME Marine Terminal Elizabeth NJ

**Comments:** If your company is working on or near the water CME's marine terminal is uniquely suited for the transfer of project materials. Pre-cast concrete, steel pipe, timer piles, heavy equipment, dredge spoils, you name it Construction and Marine Equipment has handled it. Our yard is a perfect location to store and preassemble larger components then forward them on to the work site. Many clients have used CME to fabricate steel false work and splice steel pipe piles. Our yard is centrally located near most of NJ major highways, we have direct access to the water by rail have can provide barges and tugs to get your materials to you when you need it.
